

Advanced Planning Briefing for Industry and Small Business Conference

Beverly R. Michaels, MBA
CDMRP Contract Manager
April 26, 2011

CDMRP Background

The Office of the Congressionally Directed Medical Research Programs (CDMRP) Provides:

- ❖ Research administration for multiple large biomedical research programs
- ❖ Life cycle management from determination of research gaps, release of RFP, receipt of and two tier review of research proposals
- ❖ Scientific advisors on award negotiation and oversight
- ❖ Public relations to inform shareholders and encourage applicants
- ❖ Scope
 - manage approximately \$500M of new research funds each fiscal year
 - process 12,000 to 14,000 new research applications/pre-applications per fiscal year
 - manage approximately 5,000 open grant awards at any given time
- ❖ Workforce Structure:
 - 25% military/civil service/IPA
 - 75% contractor support
